# ABOUT ME

 Flutter Developer with 2+ years of experience 

As a Flutter developer, I bring extensive experience in application development and IT services. Flutter has been a core component of my professional journey, and I have applied it to various projects across diverse industries, giving me a solid understanding of the Flutter ecosystem. 

 My main responsibilities include creating engaging user interfaces, building dynamic and responsive apps, and ensuring smooth data flow within the Flutter framework. I'm skilled in optimizing app performance, harnessing state management solutions, and adhering to best coding practices for maintaining clean and efficient code. 

 My focus is on crafting well-structured, concise, and organized code, always eager to explore new avenues for enhancing the logic and usability of Flutter applications. 

## Education

Degree	Institute	Session
BS Computer Science	Lahore Garrison University	2018-2022
